Three Panel Knee Immobilizer

Three piece design allows moveable side panels to be placed in appropriate position for accurate fit. The side panels are made of a tri-laminate material, tricot / 3/8" breathable foam / canvas duck. The posterior panel is made of 3/8" foam laminated to pile. Alternating loop-lock style straps with hook tabs on each end allows for universal sizing. Five contoured posterior stays combined with medial and lateral stays facilitate effective immobilization.

Circumference sizes from: 15" - 25" above the knee
12" - 19" below the knee.

Item No.	Length
SR2812	12"
SR2816	16"
SR2818	18"
SR2820	20"
SR2822	22"
SR2824	24"

Pediatric Knee Immobilizer

Straight aluminum stays help provide immobilization of the knee joint. A foam popliteal pad helps prevent immobilizer from migrating. Hook and-loop closure for easy application.

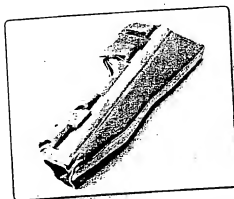

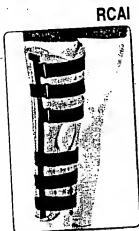

Size	Knee Circ.	10" Length
Small	8" - 10"	DER14970005
Medium	10" - 12"	DER14970006
Large	12" - 14"	DER14970007

Knee Immobilizer

Constructed of breathable wicking material that "wicks" away moisture from the skin. The posterior aspect of the splint is uniquely tailored for a more custom anatomical fit. It has a moveable tri-panel design to accommodate multiple circumference sizes. The lock and loop closure straps provide optimum fit and adjustability. The splint features lightweight aluminum posterior, medial and lateral stays.

Item No.	Length	Min - Max Thigh Circ. 4" above knee
RE42KI-09	9"	11" - 16"
RE42KI-12	12"	14" - 20"
RE42KI-15	15"	16" - 22"
RE42KI-18	18"	18" - 28"
RE42KI-21	21"	19" - 30"
RE42KI-24	24"	19" - 32"

Deluxe Fitted Knee Immobilizer

Three panel design - adjustable to leg circumference.

Item No.	Thigh circ.	Length	Size
A28600	16 - 18"	20"	Sm
A28601	18 - 20"	20"	Md
